Richland, Washington, 99352

Mr. William D. Adair, Director
Fluor Daniel Hanford, Inc.
2420 Stevens Center, MSIN: H6-21
Richland, Washington, 99352

Dear Messrs. Rasmussen and Adair:

Re: Hanford Facility Dangerous Waste Part A Permit Application, Form 3, 222-S
Laboratory Complex, Revision 7 (WA7890008967)(TSD: TS-2-1)

The Washington State Department of Ecology (Ecology) has received and reviewed the U.S. Department of Energy's (USDOE) above-referenced Part A Permit Application Revision (Form 3) submitted pursuant to Washington Administrative Code (WAC) 173-303-805(7)(a)(i) and (ii).

Revision 7 of the 222-S Laboratory Complex Part A Permit (Form 3) is approved with the following requirements:

- The isolation of Tank 103 of the 219-S Tank System occurs when tank modifications are complete. Ecology requests a formal letter from USDOE confirming the date tank isolation is complete.

If you have any questions regarding this matter, please contact me at (509) 736-3003.

Sincerely,

Brenda L. Becker-Khalceel
Nuclear Waste Program
